## INTERVAL OF A 2ND

Understanding intervals is a crucial tool when sight-singing. Let's focus on the interval of a 2nd first.

When singing 2nds, you are singing "stepping" notes, or notes that are in order in a scale.

For example: Do-Re-Mi-Fa-Sol consists of 2nds.

Here is a list of famous songs that contain 2nds. You can hear these songs in your head while you are sight-singing. Click to hear each example!

## FINAL REVIEW

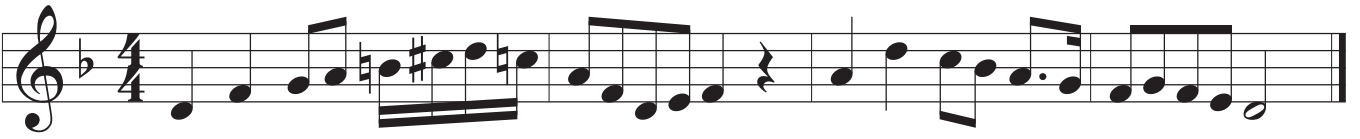

Listen to the following examples and determine what interval you hear. The first examples will be harmonic intervals (two notes sounded at the same time), the second examples will be melodic examples (one note followed by another). Answers are provided at the end of this chapter.

# MELODIC EAR TRAINING

In this section, you will hear a melody consisting of notes within the range of an octave as in the melodic sight-singing section. Examples may be in any of the Major or minor keys.

Look at the melodies in column A and B for each question, click to listen, and determine the melody you hear. Pay special attention to the direction of the notes.

The image contains seven rows of musical notation, numbered 18 to 23. Each row consists of two staves, labeled A and B. The notation is in treble clef with a 4/4 time signature. The keys vary: 18 (B-flat), 19 (F#), 20 (D#), 21 (B-flat), 22 (F#), and 23 (B-flat). Each staff contains a sequence of notes and rests. A large, semi-transparent watermark reading 'ALL RIGHTS RESERVED' is overlaid diagonally across the center of the page.

Listen to the following examples of Natural, Harmonic & Melodic minor scales, as well as Major Scales & Arpeggios (covered in Level 8). Choose whether the example you hear is in column A or B.
